Land and Lakes Co. - Facility: 118th Stony Island - Chicago, Illinois
hereinafter called the "COMPANY":

MSD Treatment Plant MSD Waterway Calumet Waterway
Alleged Violations Runoff

WHEREAS it has been alleged that the COMPANY has been and/or is presently in violation of the
pollution laws contained in the Sewage and Waste Control Ordinance; WHEREAS parties agree to
conciliate; NOW, THEREFORE, it is agreed that the COMPANY will attain compliance as follows:

Company presented a letter and displayed photos of the subject site, which
is a virgin tract being dewatered to permit excavation. It states that this
is surface water which is being returned to the waterway. This site drains
areas owned by others.

As the excavation proceeds, clay berms will be constructed to prevent
leaching from each landfill; precipitation onto the landfill area will be
recycled into the landfill.

Company states its position that since the surface water is on virgin land, such
discharge to the river does not constitute a violation.

To date, no disposal operation has taken place.
